TADANAC CEMETERY, TRAIL, BC

The Tadanac Cemetery was the first cemetery in Trail, established in 1895 on the Tadanac bench (Lot 4597, G 1) near the site of the Trail smelter. This cemetery was in use until the early 30's when a new cemetery was established near Rossland named Mountain View Cemetery which is still in use. The Tadanac Cemetery was soon surrounded by the operations of the Consolidated Mining and Smelting Company smelter and in 1956-7 the decision was made to move the graves in this cemetery to the side adjacent to the Mountain View Cemetery. The remains in the cemetery were put in boxes, numbered and placed in new plots in the new cemetery.

Bodies removed from Trail (aka Tadanac) Cemetery to lower section Mountain View Cemetery
