SCHEDULE:

9:30 am	Check-in/Registration
10:00 - 10:15 am	Welcome
10:15 - 11:45 am	<i>Advanced Googling for Your Grandma</i> Chances are that you are using Google on a daily basis. Chances are even better than you aren't using it to its full potential. Learn about Google's advance search options, as well as several more tools offered by Google that will enhance your research. We'll dig deep into a variety of Google's free resources and learn how to make them work for you.
11:45 - 1:00 pm	Door Prize Draws - Lunch – Vendors and Displays
1:00 - 2:15 pm	<i>The Hidden Web: Digging Deeper</i> When Google and traditional search engines don't return useful information, don't stop there. We will explore resources that are invisible to Google and hidden deep within web sites and proprietary databases. The "hidden web" lies buried within the collections for commercial web sites, libraries, archives, and museums. We will also talk about the importance of indexes that deep-link into web sites online, thus uncovering hidden gems of information that may not be found easily through a search engine query
2:15 - 2:30 pm	Short Break
2:30 - 3:15 pm	<i>Be Your Own Digital Archivist: Preserve Your Research</i> Are you doing everything you can to safeguard your genealogical research? Your documents? Your data? Your scanned images? We will talk about the importance of taking charge of your own materials and making sure they aren't going to disappear.
3:15 - 3:30 pm	Short break
3:30 - 4:30/5:00 pm	<i>Off the Shelf: The Unexplored Potential for eBooks in Genealogy</i> There is a treasure trove of untapped research sources online: the electronic book or ebook. Repositories are digitizing publications and putting them online for us to use without having to leave the comfort of our homes. We will explore all the options that are out there to move your research forward

The BCGS Boutique will be there too!
