Legend of Abbreviations Used

Note: Use 'search' to find your surname or use the links above to the first initial of the surname, then scroll through the names, as the names within the surname groupings are *not* alphabetical.

Then check the Legend for the location of the inscription, for instance, 'Abbot, Rose N. 1919 – RGC – Sect 7, Col 8' is found in the Rose Garden Columbarium, in section 7, column 8. Then go to the Location section or Shutter slide using the Table of Contents in the Boal Chapel CD file. In many cases, the inscription is only the name, sometimes with a date or dates, as shown in this index. If the name you are looking for is not here, or if the Location or Shutter slide is not yet included in this CD, please contact the B.C.G.S. Cemetery Committee for more information.
